Missing You

A/N Hello everyone! It's a surprise even for us that we decided to write another Haluoki fic, but this time it's a Birthday gift for our precious friend **___Lunar9ueen. **_**We hope you will like this little one-shot, honey. **

Happy Birthday~

Missing You

It was a warm summer evening. Chizuru was wearing a light summer dress of blue color. There was a straw hat on her head. She was walking down the beach, enjoying the sensation of her feet getting washed by warm sea water.

But actually she was sad. Her husband was on an urgent business-trip. And now she had to spend weekends alone. The girl walked some more, trying to cheer up a little by playing the water with her toes. It was so childish of her, but she didn't care. The gentle sea waves helped to soothe her sad feelings and bring a light smile on her face.

Suddenly Chizuru felt an impact as if she had ran into someone. She looked up worriedly to see whom she had hit only to meet her beloved husband standing in front of her very eyes. He smiled at her tenderly, and without saying a word he took her by the chin and kissed her on the lips with all the love he had for her. The kiss was filled with a hint of sadness and adoration at the same time. It showed that Saito had been missing his wife so bad and now he couldn't hold his emotions under iron control.

She was utterly surprised to see him, it was obvious by the way she blinked her chocolate eyes in that cute manner.

The hat flew off the girl's head and fell into the water, as Hajime placed his hand on her nape and deepened the kiss. The young couple continued their silent conversation of souls for a long time at the sunset. They missed each other so much, but now they were finally together. And they could show how much they were in love with each other without holding back. Saito took his beloved wife in his arms and carried her to their summer cottage, where they loved spending their weekends and vacations.

He told her constantly about how infinitely he was in love with her and how he suffered without her during that unexpected business-trip.

And in return, she stroked his cheek with tenderness and gifted him with a sensual kiss on the lipsâ€¦ and later they shared a beautiful night filled with stars and fireworks, which illuminated their feelings for each other.

Nothing could be better than spending time with the person you loved the most in this world.

The End

**A/N So, this is it. You can consider it as a little sequel to "Through the Worlds to You" or just as a separate AU fic ^.^
